KELLY'S NOBLE ARMY STRANDED

Sacramento, March 11.—"General" Kelly's army temporarily detained on its march toward Washington, went to bed superfluous tonight in the slacks that form its camp in Yolo County.

VERY COLD THIS MORNING.

This morning the mercury was down to 10 above zero, there was a heavy fog which got next to all things out of doors, and this is March 12th, too. This Ground Hog joke ends this week.

LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady output of coal during the last few years has made the dealers push for wider markets. We are going to get more value for your money by giving you a greater value for your money. You will never get out of debt unless you buy wisely.

DR. BUNTON'S SERMONS

Attracting Big Audience To The Revival at the Third Street Church—Several Conversions Already.

The revival at the Third Street M. E. Church is on in real earnest. After one of the most disagreeable days of the year a crowd that comfortably filled the church assembled last evening to hear the message of the Gospel. Dr. Bunton took as his text "Our Sufficiency is of God." When the invitation was given several came and bowed at the altar for prayers and were converted. The Gospel is getting a hold on the hearts of the people and a great gathering of souls is confidently expected.

Services again this evening at 7:30. Come for the song service. It will do you good. This evening Miss Fisk and Mr. Trent will sing "Whisperings of Jesus" as a duet.

On Friday evening the Kappa Sigma Pi will attend services in a body. The members signified their desire to do so and they will meet in their club room at 7:15 to be ready to march in a body to the services.

LIFE'S ROAD

Smoothed by Change of Food.

Worry is a big load to carry and an unnecessary one. When accompanied by indigestion it certainly is cause for the blues.

But the whole trouble may be easily thrown off and life's road be made easy and comfortable by proper eating and the cultivation of good cheer. Read what a Troy woman says:

"Two years ago I made the acquaintance of Grape-Nuts and have used the food once a day and sometimes twice, ever since."

"At the time I began to use it I felt as a burden. I was for years afflicted with bilious sick headache, caused by indigestion, and nothing seemed to relieve me."

"The trouble became so severe I had to leave my work for days at a time."

"My nerves were in such a state I could not sleep and the doctor said I was on the verge of nervous prostration. I saw an ad. concerning Grape-Nuts and bought a package for trial."

"What Grape Nuts has done for me is certainly marvelous. I can now sleep like a child, am entirely free from the old trouble and have not had a headache in over a year. I feel like a new person. I have recommended it to others. One man I know ate principally Grape-Nuts, while working on the ice all winter, and said he never felt better in his life."

The Webb State-wide prohibition bill was made a special order to today, and the "drys" assert they have a sufficient number of votes to pass the measure.

Some liquor men declared that if the governor signs the Frost bill the counties containing Henderson, Owensboro, Middlesboro, Paducah and, perhaps Lexington will vote dry, and Louisville, Covington and Newport alone remain "wet."

OUR ANNUAL SILK SALE

Opens Saturday, March 14th.

No other Silk Sale we ever held approached it in size of stock, in variety of weaves and colors. Style and Quality are the mainstays of the Sale. No silks will enter it with only cheapness to recommend them. Passed patterns barred. Discarded weaves and colors shut out. Only Silks approved by Fashion have been allowed to enter.

Friday's Ledger will give details. To generalize today, we state you will find silks at 29c to \$2 yard, with scores of price groups between.

Positively no silks on sale before Saturday morning.

Extra selling space arranged for the sale.

Also a special display of trimmings.

Don't fail to visit us even if you don't want to buy. You will find a silk stock that would do credit to a town twice Maysville's size.

Be sure to read Friday's Ledger.

We are unable to do justice (to these twenty-five dress patterns of 4 1-2 yds. each) in descriptive words. Each pattern is different. We quote from a letter of Mr. A. L. Merz who made this purchase:

"Some of our friends in the office here told me of a great purchase they made from a Big Importing House on Broadway. I don't believe that I can use adequate words to tell you the beauty of these goods. I bought 25 patterns, 4 1-2 yds. each, although there may be a couple of patterns that run larger than this. These goods are worth up to \$4.00 yard and are all foreign goods."

"Mark them \$8.95 for the pattern and you should make the biggest noise that was ever done in the town. They have given us the exclusive Sale in Maysville."

GOVERNOR COX'S 1914 MODEL MACHINE.
Have you ever stopped to think what a nice little campaign fund a "voluntary" contribution averaging \$25 each would result from the 10,000 personal appointees of Governor Cox? Figure it up and then ask yourself why!—Chillicothe (O.) Gazette.

"TUT, TUT," SAYS THE SCHOOLMASTER.
Let it not be said that the new Tariff has failed to redeem every promise made in its behalf. It has not abolished the trusts, and it has not reduced the cost of living, but at least it has succeeded in bringing down the price of golf balls. They can now be imported from Japan and elsewhere and sold more cheaply. The Tariff a failure? "Tut, tut," says President Wilson, as he foomles a ball.—San Francisco Chronicle.

THE DEVIL TO PAY IN MEXICO.
The Public Ledger has tried to indorse President Wilson's "hands off" policy in dealing with Mexico, but we are now forced to confess that he has made a most lamentable mess of it. The primal mistake was made in not going after old man Huerta and his bloody-thirsty henchmen, with the mailed fist of war. The United States should have met the crisis unflinchingly. It was and is a duty we owe to civilization, humanity and our own, now emasculated, Monroe doctrine. Wilson, by his waiting policy has not only aggravated an awful situation, but he has discredited our diplomacy and the American reputation for the chivalric defense of the down-trodden, the oppressed and the helpless and all human victims of senseless tyrants and despots. All signs now point to our forced interference in this Mexican muddle when a year ago we could have suppressed it in a month.

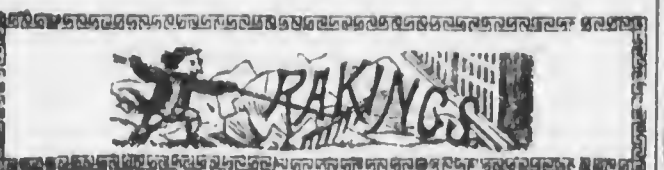

There are times when "the Man on Horseback" is the chosen medium to bring about peace through war, and that time is about now.
We are no "Teddy Bear" worshipper, but we are forced to say that the valiant Colonel would have been just the man to have handled Mexico and its greasy hord of outthroats and bandits.
And it ain't too late now to sick T. Roosevelt on 'em.

It will be hard work trying to convince the farmers of the West that free Argentine corn and beef and free Canadian oats are merely humorous phases of the political and industrial situation.—Des Moines (Ia.) Capital.

MATT SAVAGE HAS GOT THE AMBISH.
A number of those who believe that Matt Savage Walton, as the Representative of the city of Lexington in the General Assembly, has made a particularly brilliant record for the first time in politics, are whispering words of encouragement to him to the extent that it is now said that the congressional bee is buzzing vigorously about his bonnet. It should not be surprising if he gets into the race.

EDUCATION FOR NEGROES.
The time has passed when the question of providing fit and proper education for the negro in the South may be dismissed with sneers. It is not too much to say that whatever progress the negro in the South—or in the North, also, for that matter—has made, has been through the uplift of education. It is increase of knowledge that has resulted in negroes, who fifty years ago were slaves, owning valuable farms, making their mark in literature and in business and in the professions, and in every way justifying their right to the title of American citizens in the truest sense.

So it is we think there will be widespread sympathy for the appeal of Booker T. Washington for \$1,000,000 for the partial endowment of Fisk, Talladega, Tougaloo, Straight and Tillotson Colleges, which appeal is eloquently backed up by the American Missionary Association. Nothing can do more to change the attitude of the white people of the South toward the negro than the spread of education and the colleges mentioned have already had a large share in the work of developing a higher civilization and a greater tolerance in the Southern States.
We do not believe, of course, that higher education is a universal panacea, but the great work of the institutions of learning in the South among the negroes has been to bring to a realization of the great and fundamental truth that, in the march upward, they must rely upon themselves and their own endeavors.—Indianapolis Star.

SLEEPLESS RELIGION.
Old Mammy Mary Persimmons called one day on the village lawyer.
"Well, old lady," he said, "what can I do for you?"
"Ah wants to divorce mah husband," said aunt Mary.
"Divorce your uncle Bill?" cried the lawyer. "Good gracious, why?"
"Bekase he's done got religion, dat's why," said aunt Mary; "an' we aint had a chicken on de table fo' six weeks."—Ohio Farmer.

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

FOREST NOTES.

Canada has 23 million acres in timber reserves, as compared with 187 million acres in the national forests of the United States.

Apple wood is the favorite material for ordinary saw handles, and some goes into so-called briar pipes.

New Jersey has a timbered area of about two million acres on which the timber is worth about \$3,500,000 on the stump. It is mainly valuable for cordwood.

Many of the forest fires attributed to railroads are caused not by sparks from locomotives, but by cigar and cigarette butts thrown from smoking-car windows.

Port Orford cedar of the Pacific coast, recently tried as a substitute for English willow in the manufacture of artificial limbs, has been found unsatisfactory. While it is light enough, it is too coarse and brittle.

As an experiment, the supervisor of the Beaverhead national forest is stripping the bark from the bases of a number of lodgepole pine trees at various periods before they are to be cut for telephone poles. This girdling causes the trees to exude resin, and it is desired to find what effect this may have as a preservative treatment for the poles.

HOW A BROOKLYN GIRL
Got Strong and Well Again.

Grace D. Lamb of Brooklyn, N. Y.,
says: "I was all run-down and on the
verge of nervous prostration. I could not
sleep for pain in my back. In all I was
a wreck. A friend told me what Vinol
had done for her little girl so I tried it.
I noticed an improvement after the first
bottle. I could sleep well, my appetite
improved, and after taking three bot-
tles I am strong and well again."

Vinol is the most efficient strength-
creator for such women. It is the
medicinal elements of the cod's livers
continued in Vinol aided by the blood
making and strengthening properties of
tonic iron which makes it so far su-
perior to all other tonics to build up
health and strength for weak, tired, ailing
women. It contains no oil and has
a delicious taste.

GAMBLING AND GAMBLERS

Author Tells What Inspires People To
Follow This Habit.

In the March American Magazine
Hugh S. Fullerton writes a fascinating
article entitled "American Gambling
and Gamblers," in the course of which
he says:

"I have heard much of the love of
gambling and the gambling fever. This
is largely a myth. They do not gamble
for love of the game, but through the
love of money. Ninety-nine out of ev-
ery one hundred persons who play at
gambling games do so because they
need the money. The fever is the re-

"SCHOOL OF METHODS"

As a Feature of Practical Work To Be
Given Trial at Louisville Meeting
This Month.

The Kentucky Sunday-school Asso-
ciation has arranged for a "School of
Methods," to be held in the Young
Men's Christian Association building in
Louisville March 22 to 27.

The sessions will be held each day
from 4 o'clock in the afternoon to 9
o'clock at night, with an intermission
from 6 to 7 for supper, which will be
served in the building.

There will be four periods each day
for popular lectures and discussions and
one period when there will be a division
into eleven sections studying the spec-
ial problems of the officers and teachers
of the different departments of the Sun-
day-schools. These sections will em-
brace: The Beginners' Department,
Primary Department, Junior Depart-
ment, Teen Age Girls, Intermediate
Boys, Senior Boys, Adult Department,
Home Department, Teacher Training
Department and Department for Su-
perintendents and Officers.

The dean of the school is the Rev.
Dr. George A. Joplin, general secretary
of the Kentucky Sunday-school Asso-
ciation; the secretary is Miss Maude L.
Dance, elementary field worker.

The program is an unusually full and
attractive one, and it is expected Sun-
day-school workers from all parts of
the State will be in attendance.

MONEY NEEDED

Says Member Cochran of The School Board To Improve Maysville's Schools at Central District Meeting.

The Central Parent-Teacher Association met in the High School Building yesterday afternoon at 3 o'clock with Mrs. Ford Hechinger presiding.

Mr. R. A. Cochran of the School Board spoke on "The Possibilities of the School." Mr. Cochran is an interesting speaker. It is a pity that every man and woman of the Central District were not present to hear the facts as Mr. Cochran presented them. Some of them are startling and sad. To know how slender and brittle the thread upon which our High School hangs, should arouse every man and woman to determined action.

It would be well if it could be arranged that a mass meeting could be held to discuss the situation. It takes money to make schools, and it seems that Maysville lacks the money.

Miss Jessie O. Yancey spoke of the spirit of harmony created by the Parent-Teacher Association in the rural districts. Miss Alberta Glascock spoke upon the advantages of having all interested in the work and related her experience in securing additional tuition for a teacher.

Prof. Caplinger warmly seconded Mr. Cochran's talk and the scheme of the ladies to raise money by having a spelling bee.

The chair appointed Mrs. Dr. Franklin, Mrs. R. B. Lovel and Mrs. Barlow to decide what should be the time and kind of entertainment given by the Central Parent-Teacher Association.

The association adjourned to meet at the usual time.

Gen. Soward, former leader of the Bowdoin in the Turner-Soward feud, died in Middlesboro.

J. B. Haggins paid \$90,000 for a piece of property in Lexington on which it is believed a big hotel will be erected.

YOUNG MAYSVILLIAN SURPRISED HIS FRIENDS.

Mr. Frank Hunsicker, of the George H. Frank & Co. clothing store, a month ago, went to Covington and was quietly wedded to Miss Nellie Coburn at the residence of the officiating minister, Rev. G. W. Bunton.

Miss Coburn's parents reside in East Forest avenue but their daughter had been making her home in Cincinnati for some time.

They will soon settle down to house-keeping in Maysville.

1,900 CIGARETTES IN WEEK

Record Claimed By Smoker Applying For Silver Cure.

(Tuesday's Enquirer.)

That they, with one other young man, smoked 1,900 cigarettes during the past week, was the statement which Dr. Charles McDevitt, at the City Hospital, said was made to him yesterday by Allen Armstrong, 21, and Harry Prince, 19, both of 2914 Woodburn avenue, who applied for the nitrate of silver cure for the cigarette habit.

"This newspaper's notoriety" of the cure has made me so busy swabbing throats that I hardly have time for my duties," said Dr. McDevitt. Ten others applied for treatment before 1 o'clock yesterday afternoon. Several boys became frightened and ran, pursued by parents.

These young men are well known in Maysville, having been canvassing in this city for the past month.

COUNTY UNIT BILL

Passes House By Vote of 72 to 22—Dry Score Heavily and The New 25 Per Cent Petition Act Is Put Up To Governor McCreary.

Frankfort, Ky., March 10.—The dry score heavily today in the House, when the Frost county unit bill was passed by a vote of 72 to 22, and the Webb State-wide prohibition bill was made a special order for 11 o'clock Thursday morning. The Frost bill was called from the Rules Committee and put on its passage as soon as the special orders, that had been set before the Rules committee took charge, were disposed of.

The wet faction, being "miffed" over their defeat, called the State-wide bill from the Rules Committee to put it on its passage. Representative Judy, of Mt. Sterling, spokesman for the wets, called out the State-wide bill. It would have passed but for defects in the bill and it was made a special order so that these defects might be cured by the committee. The wets were defeated overwhelmingly as there were but three members of the Legislature from the rural districts who voted for the bill either in the Senate or the House. The 75 per cent bill passed the Senate two to one and the House three and a half to one.

INSURANCE FIGHT IS ON

State Board Orders Representatives of Companies To Appear—Licenses May Be Revoked.

Frankfort, Ky., March 10.—Notice was served by wire today by the State Insurance Rating board on the Royal of London, West Chester of New York, American of Newark and Pennsylvania of Philadelphia to appear before the board next Monday and show cause why their State licenses should not be revoked. These companies have informed the board that they have ceased to write business in Kentucky. The Niagara has canceled all its Kentucky agencies, and Chairman Ruby Lafoon has inquired whether that means withdrawal of its State license. For ten months after withdrawal companies are still amendable for court service served on the insurance commissioner, it is said. Chairman Lafoon said every company withdrawing will be held responsible for failure to make reports to the department, as required by its rules, and to furnish statements of the makeup of risks to the insured.

"The Greatest Kidney Remedy on Earth," Says a Grateful Woman

I want to tell you how much good your Swamp-Root did me. About four years ago, I suffered from what the doctors called stasis and for two years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors' medicines without receiving any help. Some one told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours, MRS. JOHN BAILY, Portland, Ind. Subscribed and sworn to before me this 12th day of July, 1909.

C. A. BENNETT, Notary Public.

Farmers

Have you ever tried our way of borrowing money to pay for a farm?

You, of course, know that most farms are sold for one-third cash and the balance of the payment is represented by lien notes due in one and two years. You also know that there are times when it is impossible to pay these notes when they become due.

Our specialty is lending money on good farms for LONG PERIODS. Wouldn't you rather have five years to pay the balance than two years?

Any one expecting to buy farms this March will do well to come in and consult us about getting the money. We have been giving satisfactory service for 24 years.
